# WYOMING RoadWork GUIDE

Provided monthly during construction season  
by the Wyoming Department of Transportation

Vol. 21, No. 4

August 2021

## STIP online meeting launched

A milling operation on Main Street in Riverton.

### Not every project is listed

Due to the unpredictable nature of the construction process, not all projects are active all the time. In addition, some short-term projects and smaller projects which disrupt traffic to a lesser degree are not listed. Completion dates are approximate.

**Commercial vehicle operators:** In work zones, size and weight restrictions may apply. Ask for details at any Wyoming port of entry or call (307) 777-4376. Current restrictions are also available on the Internet at [www.wyroad.info/highway/restrictions.html](http://www.wyroad.info/highway/restrictions.html).

We want to hear from you. Learn more about transportation improvement projects happening in your community and let us know what you think!

The Wyoming Department of Transportation (WYDOT) is hosting a self-guided online public meeting for the State Transportation Improvement Program (STIP). The online meeting launches Monday, July 26, 2021 and runs through Monday, August 30, 2021. During this timeframe, you can participate from the comfort of your own home at any time that is convenient for you.

The online meeting can be accessed 24/7 at [www.wydotSTIPmeeting.com](http://www.wydotSTIPmeeting.com).

- Topics include:
- Program overview
  - Information on funding
  - Timeline of the process
  - Details on 550+ state transportation improvements

Take your time reading through the information and be sure to provide your input. The meeting features a series of survey questions and the opportunity to comment on existing projects. You can also let us know what projects might be missing on our interactive comment map, or simply submit a general comment or question using the comment form option.

### More about the Program:

The STIP is a six-year program approved by the Transportation Commission. It provides a snapshot of existing and expected projects and their schedules and is continually updated. The draft STIP is for the years 2022-2027 and represents the planned construction, preliminary engineering, and right of way costs of each project. The program also indicates the share of federal funding, state funding and other funding sources for each project. WYDOT will do its best to adhere to this program and to serve the public interest through these projects.

For more information, email the project team at [info@wystip.com](mailto:info@wystip.com) or visit <http://www.dot.state.wy.us/STIP>. ■

## Northwest Wyoming - A

**A1** Ten Sleep East project (US 16), bridge rehabilitation on four bridges, 1,200 ft. of reconstruction, 2-inch pavement mill/ overlay.

**A2** US 26/287 between Dubois, Moran Junction. Asphalt patching (2.1 miles) on Togwotee Pass: between MMs 26.20 & 26.70; MMs 24.08 & 24.48; MMs 21.00 & 21.15; MMs 17.88 & 18.03; MMs 17.04 & 17.14; MMs 16.70 & 16.90; MMs 8.78 & 9.18; MMs 3.63 & 3.73; & MMs 3.45 (3.45 miles east of Moran Junction) & 3.55. About 5 miles of US 26/287 will see asphalt pavement surfacing, chip sealing, fencing & other work 10 miles west of Dubois, continuing to the U.S. Forest Service boundary (milepost 40.68). Completion date October 2021.

**A3** US26 Riverton Main Street concrete rehabilitation. Project is 0.50 miles in length between North Federal Boulevard & North 1st Street in the Riverton city limits. The project includes concrete milling, asphalt paving, & curb, gutter & Americans with Disabilities Act ramp repairs. Completion date is Oct. 31.

**A4** WYO 296 slide repair & road work at MM 32.50. Single lane detour in place. Delays expected.

**A5** District bridge rehabilitation on five bridges in Fremont, Big Horn, Washakie counties.

**A6** District fencing. Various locations. WYO 28, US 287. October 2021 completion.

**A7** US 26/89/189/191 Jackson South. Milling, paving, wearing course work on 3.10 miles beginning at MM 148.70.

**A8** WYO 120 settlement project north of Cody. On WYO 120 (MM 115-MM 118.5). Includes 1-inch of asphalt leveling, 2-inches of overlay, chip sealing. Completion date October 2021.

**A9** Cowley/Deaver paving & chip sealing improvements MM 243.23-MM 249.42 (6 miles) of US 310. The \$1.64 million project includes a 1-inch profile milling & a 2-inch pavement overlay & chip seal. Completion date is Oct. 31, 2021.

## Southwest Wyoming - B

**B1** Between Rock Springs & Rawlins. Grading, draining, placing bases, bituminous surfacing, concrete pavement, bridge rehab, bridge replacement. 12.70 miles on I-80 at MM 107.63.

**B2** La Barge Interchange West: Grading, milling, paving, concrete pavement, bridge rehabs on 5.30 miles of WB I-80 at MM 77.45. October completion.

**B3** US 189 Muddy Creek: Grading, milling, paving, chip seal on 8.20 miles of US 189 at MM 10.23. October completion.

**B4** I-80 east of Lyman. Grading, milling, resurfacing & bridge rehab between MM 49-57. October 2021 completion.

**B5** WYO 238 Auburn to Afton: MM 0-12. Grading, draining, placing crushed base & pavement surfacing, reclamation, chip seal,

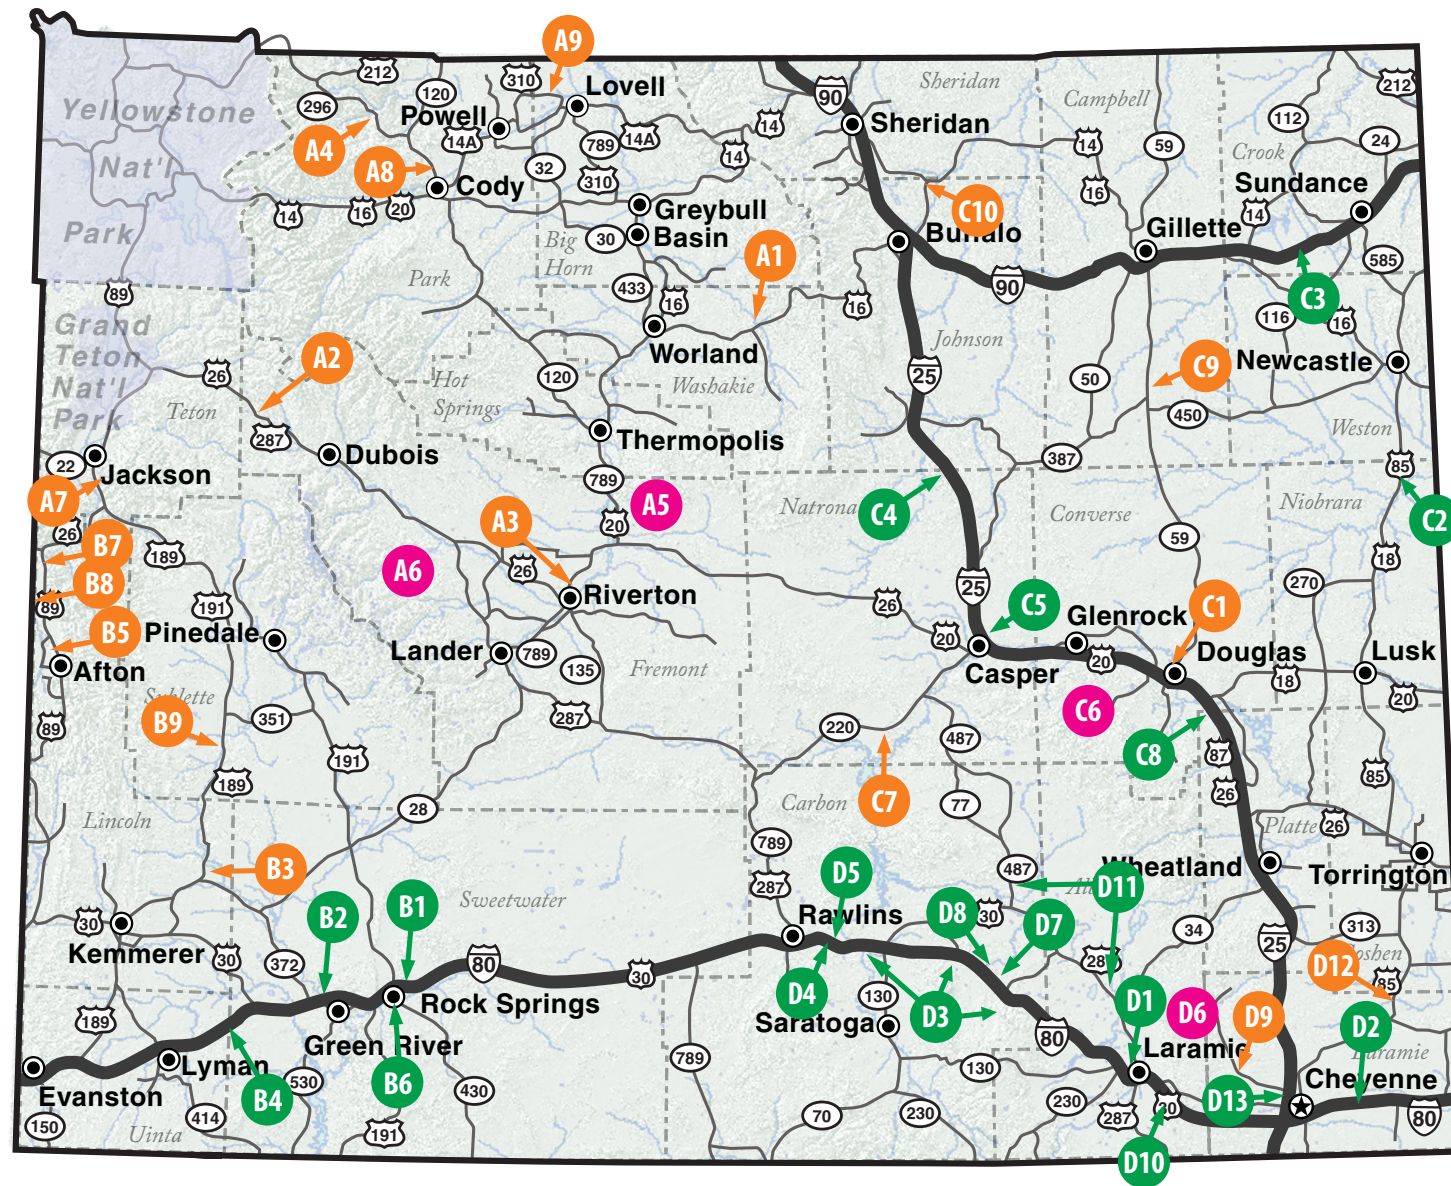

bridge replacements on 12.10 miles. Fall completion.

**B6** Rock Springs/I-80 Interchange Road: Grading, draining, placing bases, bituminous pavement surfacing, concrete pavement, removal/replacement of structure, conduit system, water systems on 1 mile.

**B7** Etna North: Grading, draining, crushed base, bituminous surfacing, full depth reclamation on 9.30 miles of US 89 at MM 108.13.

**B8** WYO 239 Bridge work: Bent cap replacement, other work on WYO 239 at MM 0.94 at the Salt River Bridge.

**B9** Big Piney West: Grading, milling plant mix, bituminous surfacing, reclaimed asphalt pavement on 4.81 miles of WYO 350 at MM 0.25.

## Legend

**I** **Interstate highway work zones:** Generally, there are no delays or detours. Travel may be narrowed to one lane (on pavement) each way and involve a reduced speed limit.

**P** **Two-lane road projects:** Motorists may be required to stop and wait to follow pilot cars. Usually, any delays are limited to 20 minutes or less and travel is on pavement.

**R** **Two-lane road projects:** At times, motorists may have to drive on gravel or another temporary surface, typically for two miles or less. Delays are limited, there are no detours unless specifically noted but there may be a pilot car.

**D** **District-wide projects:** Various locations, may involve reduced speeds.

## Southeast Wyoming - D

**D1** I-80/west Laramie (MM 313-310) – pavement, bridge work in both EB & WB lanes. Lane closures, reduced speed limits, delays merging at on-ramps. Expected completion: fall 2021.

**D2** I-80 near Hillsdale (MM 372-382) – bridge replacement, pavement work. Expect head-to-head lanes, reduced speeds. Expected completion: October 2021.

**D3** I-80 Winter Freight – Fort Steele Rest Area (MM 228). Rest Area remains closed, avoid parking in interchange. Pavement work near Halleck Ridge (MM 250.5-252.5), between Cooper Cove/Quealy Dome (MM 279.5-281.5). Expect lane closures, reduced speeds. Expected completion: 2022.

**D4** I-80 near Sinclair (MM 221-227.5) – pavement, bridge work. Traffic in head-to-head configuration in EB lanes while crews work WB lanes. Expected completion: fall 2022.

**D5** WYO 76/Sinclair (near I-80/MM 221) – Bridge work on overpass/I-80 interchange, single lane

with traffic light directing movement across bridge. Expect delays. Expected completion: fall 2021.

**D6** Bridge work in Laramie County – Lane closures, reduced speeds on US 30/Lincolnway near Missile Drive in Cheyenne, I-80 over Southwest Drive (MM 360), US 85/South Greeley Highway near Allison Road (MM 7.74), WYO 213 in Burns (MM 2.61), WYO 215 near Pine Bluffs (MM 0.22). Expect delays. Expected completion: late fall 2021.

**D7** I-80/Quealy Dome (MM 291.5-282.7) – Bridge, pavement work on I-80 between Quealy Dome, Cooper Cove. Expect lane closures, reduced speeds. A 13 ft. width restriction. Expected completion: spring 2022.

**D8** I-80/Eik Mountain (MM 252-258) – earthwork for milling. Paving project begun in WB lanes. Expect lane closures, reduced speeds, potential delays. A multi-year project with work in EB lanes to start in 2022.

**D9** WYO 211/Horse Creek Road (MM 20.46) – bridge repair project, traffic alternating on single lane with yield. Expect delays. 12 ft. width restriction. Expected completion: fall 2021.

**D10** I-80/Telephone Canyon (MM 323) – Rockfall mitigation, far right lane closed. Expect delays. Expected completion: fall 2021.

**D11** Bridge rehabilitation projects at WYO 487 (MM 4.01), US 30 (MM 310.66). Expect delays; traffic signals/single-lane section of work zone. Expected completion: fall 2021.

**D12** US 85 near Meriden – (MM 47-56.6) bridge work. Traffic light, alternating single lane traffic at MM 54 with 11 ft. width restriction. Meriden Rest Area remains open. Expected completion: summer 2022.

**D13** I-25 Horse Creek Interchange (MM 16) – bridge closed for deck rehab. Detour for I-25 NB traffic wanting to exit to Horse Creek or I-25 SB traffic to Iron Mtn. Rd. Expected completion: Fall 2021.

## Central & Northeast Wyoming - C

**C1** WYO 59: Reconstruction, intersection work, bridge rehab, new pavement between MM 0-8.75. October completion.

**C2** US 85 milled surface, paving between MM 202 & 215. Fall completion.

**C3** I-90 bridge deck repairs on 6 structures reduced to one lane between MM 160-168.

**C4** I-25: Grading, structure repair, new pavement northbound lanes between MM 244-254 near TTT interchange.

**C5** I-25 MM 186: Remove & replace two structures over Walsh Drive. Anticipated 2023 completion.

**C6** District 2 bridge rehab: Various locations within Converse, Laramie, Natrona, Platte counties: US 20/27/87 MM 187.83; I-25 MM 172.12 SB; I-25 MM 160.87 SB; I-25 MM 110.55 NB; I-25 Service Road MM 14.31; I-25 Service Road MM 2.45; & WYO 320 MM 2.52. Oct. 31, 2021 completion.

**C7** Passing lane resurfacing on WYO 220 between Muddy Gap, Casper. Project on 8 miles of pavement & new 1,000-ft. passing lane. New fencing installed. Completion date: June 30, 2022.

**C8** Resurfacing on 8 miles of I-25 between Glendo, Douglas. Mill, overlay & resurface interstate with median work. Completion date is Oct. 31, 2021.

**C9** WYO 59 South MM 77.97 to MM 101.38. Extending passing lanes at 6 locations. Completion date: June 30, 2022

**C10** US 14/16 Ucross to Clearmont. MM 27.68 to 38.10. Bridge repair & guardrail with mill & overlay to begin mid-August.
